

**Previous LEGO® and LEGO® Serious Play®
Workshop Designs, Interventions, & Facilitations
Developed by Frankie J. Weinberg, Ph.D.***

*Each facilitation session is unique – designed specifically to meet unique client goals.
Dr. Weinberg works directly with project and organizational leaders to develop a cohesive facilitated workshop
that gathers people together to deal with business-related opportunities or challenges. These gatherings are
suitable to tackle issues at the individual, team, or organizational level, or a combination of them.*

*My specializations include:
**mentoring, team building, leadership, organizational learning, organizational structures
(including informal social structures), and organizational communication*****

Below is a sampling of select LEGO®-based facilitations that I have developed.

Select LEGO® Serious Play® (LSP) complete workshops that I have previously designed include:

- **Intrapreneurship** at the top – encouraging **entrepreneurial ideas and direction** leveraging existing organizational resources across divisions (3 to 5 hours)
- Improving **workplace mentoring** and developing an mentoring & **learning culture** (all-day workshop)
* this workshop is designed specifically to leverage and build **LEAN project outcomes**
- Improving **diversity** relations in STEM – identifying and **building mentoring relationships** (3 hours)
- Toward a sense of aspirational **team leadership** – landscaping and uniting team member strengths, values, and aspirational goals (1 ½ to 3 hours)
- Unpacking business strategy cases – an LSP session to accompany HBR **case analysis** (3 hours)

Other LEGO® workshops that I have previously developed include:

- A **team building** activity and full debrief (1 to 3 hours)
- A **conflict management** session and full debrief (1 ½ to 3 hours)
